

Huntleigh Diabetic Foot Assessment Kit Dopplex® DFK

The Diabetic Foot Assessment Kit provides the professional vascular or diabetes specialist with a system to pressure index (ABPI) and toe brachial pressure index (TBPI)

Complete package includes:

- Bi-directional Doppler (MD2) and probe (VP8HS)
- Neuropen (includes 10g monofilament)
- Trigger operated sphyg with a range of latex free cuffs (arm/ankle, large and small toe)
- Educational DVD
- Hard carry case
- Set of guides (ABPI/TBPI)
- Headphones
- Box of Neuropen tips

0987 Dopplex DFK Kit

£834.00

Huntleigh Peripheral Arterial Disease Assessment Kit Dopplex® PAD

HUNTLEIGH

The PAD kit includes all the items required to undertake a basic assessment on patients at risk of arterial disease.

Complete package includes:

- Dopplex D900 non-directional Doppler
- High sensitivity widebeam EZ8 probe
- Standard arm/ankle cuff
- Sphygmomanometer
- ABPI guide
- Educational CD
- Large carry bag

2691 Dopplex PAD Kit

£494.00

Additional vascular clinical and educational support is available at www.huntleigh-diagnostic.com

Dopplex® DR3 Software Package

Dopplex Reporter Package is a unique vascular reporting software package for use in conjunction with the Dopplex RD2, MD2 and MD200 units.

Applications available in version 3 include:

- Upper and lower limb arterial pressure and flow studies
- Lower limb venous studies
- Extracranial blood flow studies
- Penile pressure and flow studies
- Podiatry and chiropody studies
- Pre/post operative studies
- PPG venous studies (Rheo only)
- Doppler waveform parameter calculations
- Compatible with Windows 98, 2000, XP, Vista and Windows 7
- USB and serial cables included

0989 Dopplex DR3 Software Package

£350.00

Huntleigh Dopplex® Printa II

Dopplex Printa II package is a portable, mains/battery thermal printer, which provides documentation of bi-directional Doppler waveforms when used with Dopplex MD2, RD2 and MD200.

- PPG curves can also be documented when used with the Dopplex RD2 unit

0988 Dopplex Printa II £489.00

0991 Dopplex Printa II Paper, pack of 2 rolls £13.00

Ankle Brachial Pressure Index Kit Dopplex® ABPI

The ABPI Kit contains all the items required to undertake a full ABPI assessment on regular or oedematous limbs and includes two Doppler probes and cuffs. The Easy8 probe helps to locate vessels and also maintain vessel contact during inflation and deflation procedures, and the VP5 is ideal for oedematous limbs.

Complete package includes:

- Dopplex MD2 bi-directional Doppler
- High sensitivity widebeam EZ8 8MHs probe
- High sensitivity VP5HS 5MHx probe
- Large arm/ankle cuff
- Standard arm/ankle cuff
- Sphygmomanometer (quick release)
- ABPI Guide
- Educational CD
- Large carry bag

2690 Dopplex ABPI Kit

£927.00

HUNTLEIGH

Mini Dopplex® D900 Vascular Doppler

Non-directional Doppler

The Dopplex® D900 is a low cost audio only, non-directional Doppler, principally used for ABPI measurements by community nurses and doctors in their role of leg ulcer management.

- Clear audio sounds of blood flow or fetal heart
- Enhanced battery management
- Compatible with the complete range of vascular probes
- When used with Easy 8 probe it is excellent for the infrequent user in locating brachial and pedal arteries
- Large carry bag
- Headphones included

0979	Mini Dopplex D900 without Probe	1	£216.00
7428	Aquasonic Gel 250ml		£3.25
9506	Ultrasound gel 260 ml		£1.60

Super Dopplex® SD2 Vascular Doppler

Bi-directional Doppler

The Dopplex® SD2 provides bi-directional vascular information to the vascular professional including the display of flow direction. It is ideal for clinical specialists wishing to conduct advanced Doppler studies.

- Compatible with all high sensitivity vascular probes (audio only with OP2 and OP3)
- Ideal for ABPI assessment
- Provides bi-directional blood flow information
- Enhanced stereo audio output
- Large carry bag
- Stereo headphones included

0980	Super Dopplex SD2 without Probe	2	£340.00
7428	Aquasonic Gel 250ml		£3.25
9506	Ultrasound gel 260 ml		£1.60

Multi Dopplex® MD2 Vascular Doppler

Bi-directional Doppler

The Dopplex® MD2 is one of the most advanced pocket Dopplers on the market. It provides the ability for high level vascular assessment, and is ideal for the detection of peripheral arterial disease. When used with the high sensitivity vascular probes it provides quality bi-directional blood flow information. It can be linked to the Dopplex Reporter software package for high quality waveform reports or the Dopplex Printa II for single waveform recordings.

- Connects with all high sensitivity probes - 2, 3, 4, 5, 8, 10 MHz
- Provides bi-directional blood flow information and documentation
- Integral battery management
- Enhanced audio output
- Large carry bag will hold sphyg and cuffs

0981	Multi Dopplex MD2 without Probe	3	£453.00
7428	Aquasonic Gel 250ml		£3.25
9506	Ultrasound gel 260 ml		£1.60

All above dopplers exclude the probe please select probe

Vascular Doppler Probes

EZ8 Wide Beam 8MHz Probe

Allows easy location of vessels. Easier to maintain vessel contact during inflation and deflation

0986	£250.00
------	---------

VP4HS 4MHz Probe

For detection of deep lying vessels

0982	£211.00
------	---------

VP5HS 5MHz Probe

For oedematous limbs and deep lying vessels. Ideal adjunct to Easy8 for ABPI measurements

0983	£211.00
------	---------

VP8HS 8MHz Probe

Detection of peripheral vessels and calcified arteries

0984	£211.00
------	---------

VP10HS 10MHz Probe

Detection of smaller vessels in specialist superficial applications

0985	£211.00
------	---------

diagnostics

Sonotrax Pro 8 Vascular Doppler

High quality multifunctional ultrasonic Doppler for vascular and arterial flow assessment

- 8MHz waterproof probe supplied as standard
- Interchangeable 2MHz, 3MHz and 4MHz probes available on request
- Integral speaker and sound output interface
- Auto Off
- Large 45 x 25mm easy to read LCD display
- Has real time pulse-rate display, average PR and manual calculation
- Measuring range 50-120BPM at a resolution of 1BPM
- Dimensions: 135 x 95 x 35mm
- Weight: 180g with battery
- Requires 2 x AA batteries - not supplied

6728	Sonotrax Pro with 8MHz probe	£125.00
6805	Duracell AA size Batteries, pk/4	£2.90
9506	Ultrasound Gel, 260ml	£1.60

Neuropen

- For testing peripheral neuropathy in the diabetic foot
- Only dual function device available, offering both a 10g monofilament to assess protective touch/pressure sensation in large nerve fibres and calibrated Neurotip test to exert a 40g pressure to assess reduced sensation to sharpness/pain in small nerve fibres
- Supplied with one monofilament and one neurotip

2696	Neuropen	£15.30
2697	Neuropen replacement 10g monofilaments, pk/5	£12.70
2698	Neurotips, sterile, box of 100	£8.90

National Hospital Patella Hammer

- Nylon handle, 32.5cm

0809	National Hospital Patella Hammer	£5.95
------	----------------------------------	-------

Gardiner Brown Tuning Forks

- Chrome plated forged steel
- Hardened and tempered for notes of long duration
- Integral finger grip
- Manufactured in Sheffield, England

1300	Tuning Fork 128Hz	£26.95
1301	Tuning Fork 256Hz	£24.00

Rydel-Seiffer Tuning Fork

- With detachable weights
- Ideal for testing vibration thresholds in diabetic patients
- 67Hz to 127Hz
- Manufactured in Sheffield, England

1307	Rydel-Seiffer Tuning Fork	£97.00
------	---------------------------	--------

BoSo Clinicus Aneroid Sphygmomanometer

- **10 year warranty against malfunction of the manometer**
- Lightweight ABS construction
- Latex free
- Shockproof manometer
- Strong and durable
- Traditional air release system
- Large easy to read 60mm dial
- Supplied with carry pouch

0813	BoSo Clinicus	£41.50
------	---------------	--------

Retractable Monofilament

- Device for assessing neuropathy in the feet of patients with diabetes
- Most widely used is 10g device
- Non-sterile
- Clean between patients with alcohol wipe
- Supplied with instructions and cleaning advice
- Available in 1g, 10g and 75g specify size when ordering

2692	Retractable Monofilament - specify size	£14.00
------	---	--------

Tip-Therm®

- Aids early diagnosis of distal symmetric neuropathy by testing temperature sensitivity
- No power source required

2699	Tip-Therm	£19.50
------	-----------	--------

Omron M2 B.P. Monitor

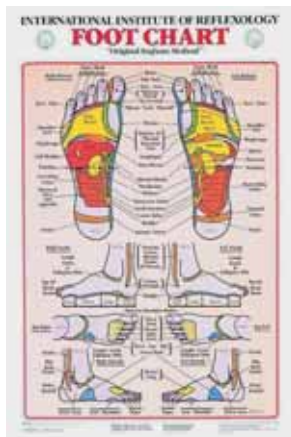

- Fully automatic upper arm blood pressure monitor
- Intellisense™ technology enables personalised inflation
- Memory stores the last 21 recorded readings
- Irregular heartbeat indicator
- Large 3-fold display (Sys/Dia/Pulse)
- Supplied with medium cuff, batteries and soft case

7569	Omron M2	£44.50
------	----------	--------

Reflexology Foot Chart

- Laminated
- Dimensions: 43W x 56H cm

1000 Reflexology Foot Chart £33.00

Healthy & Diseased Feet Chart

- Articulated foot, with the muscular attachments painted on in Red and Blue
- Dimensions: 70W x 100H cm

0999 Healthy & Diseased Feet £19.00

Foot & Ankle Chart

- Printed on coated paper for extra strength
- Dimensions: 70W x 100H cm

0998 Foot & Ankle £12.50

Foot Models

High Arched Foot

- Model of an arched foot, showing muscles, tendons and bones
- Not dissectible, size 13H x 10W x 23L cm

3493-HA **1** £34.50

Flat Foot

- Life size model of a normal foot and ankle, dissected to show muscles, tendons and bones
- Not dissectible, size 12H x 9W x 24L cm

3493-FF **2** £34.50

Normal Foot

- Life size model of a normal foot and ankle, dissected to show muscles, tendons and bones
- Not dissectible, size 13H x 9W x 24L cm

3493-NF **3** £34.50

Ankle/Foot - Plantar Fasciitis

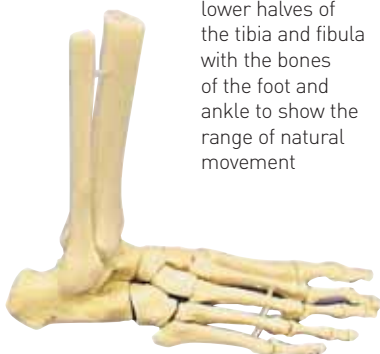

- Full size solid cast of ankle and foot bones features the plantar calcaneonavicular (spring) ligament with plantar fasciitis
- Foot/ankle anatomy also includes: tibia, fibula, calcaneus, calcaneal (Achilles) tendon, deltoid ligament, lateral (collateral) ligament, plantar aponeurosis, cuneiform, phalanges, cuboid, navicular, and metatarsal bones
- Model size: 9" x 2 3/4" x 4"
- Card size: 6 1/2" x 5 1/4"
- 5" x 6" x 1" White base included with every model
- Made of durable high quality materials

1001 Ankle/Foot - Plantar Fasciitis £59.50

Ankle Joint Moveable

- Comprising the lower halves of the tibia and fibula with the bones of the foot and ankle to show the range of natural movement

0994 Ankle Joint Moveable £44.50

Foot Articulated

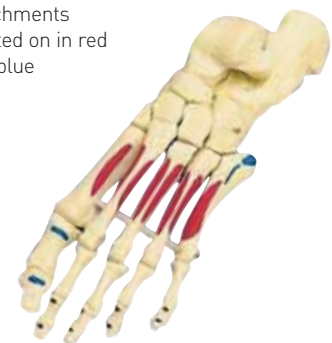

- The bones of the foot, strung on nylon

0993 Foot Articulated £32.00

Foot Coloured

- Articulated foot, with the muscular attachments painted on in red and blue

0992 Foot Coloured £30.00
